We support projects that relate to the national, regional or local heritage of the UK.

Throughout the form you will see that some questions have word limits. Word counters will let you know how many words you have written so far and you will be able to save the document as you work on it, no matter how many words you have written. However, please bear in mind that you will not be able to submit your application if you go over any of the identified word limits.

Please note that the way in which the Heritage Lottery Fund (HLF) portal counts words slightly differs from other word processing software, e.g. Microsoft Word. For example, if you use dashes in your text, this may be counted as an additional word by the HLF portal counters. If you decide to copy and paste text directly into your online application, please review your application before submission and make changes where necessary to ensure you do not exceed the stated word count limits.

We will confirm we have received your application when we have your online form and all supporting material. If you are sending any material in hard copy, this must arrive within five working days, and by the relevant programme deadline, if applicable.

We will not assess your application if you miss the published programme deadlines, have not provided the correct supporting documents (please do not send more than we ask for) or have not answered all the questions.

In deciding which applications to fund, we will be taking into account the geographic spread of projects to ensure that communities all over the UK benefit from funding.

You can include as many different activities as you like. We expect each activity to involve a range of people. When you are planning your activities, think about how they will achieve outcomes for heritage, people and communities. In your responses, tell us who will be involved in carrying out the activities you have identified.

Think about any training people will need to help them deliver your project and refer to this in your responses. You can include training costs in the project budget in Section seven: Project costs.

Declaration

a) Terms of Grant
You must read the standard terms of grant for this programme on our website.

By completing this Declaration, you are confirming that your organisation accepts these terms. For partnership projects, all partners must confirm that they accept the standard terms of grant by adding a contact at the end of the declaration.

b) Freedom of Information and Data Protection
We are committed to being as open as possible. This includes being clear about how we assess and make decisions on our grants and how we will use your application form and other documents you give us. As a public organisation we have to follow the Data Protection Act 1998 and the Freedom of Information Act 2000.

When you complete the Declaration at the end of the application form, you are confirming that you understand the Heritage Lottery Fund’s legal responsibilities under the Data Protection Act 1998 and the Freedom of Information Act 2000.

We will take these into account when we respond to any request for access to those sections. We may also be asked to release other information contained elsewhere in the form and we will respond to these requests after taking account of your rights and expectations under the Freedom of Information Act 2000 and Data Protection Act 1998. In those cases, we will always consult you first. The Heritage Lottery Fund will not be responsible for any loss or damage you suffer as a result of HLF meeting these responsibilities.

When you complete the Declaration you also agree that we will use this application form and the other information you give us, including any personal information covered by the Data Protection Act 1998, for the following purposes:

• To decide whether to give you a grant.
• To provide copies to other individuals or organisations who are helping us to assess, monitor and evaluate grants.
• To share information with organisations and individuals working with us with a legitimate interest in Lottery applications and grants or specific funding programmes.
• To hold in a database and use for statistical purposes.
• If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of relevant Government departments and any partner organisations who have funded the activity with us.
• If we offer you a grant, you will support our work to demonstrate the value of heritage by contributing (when asked) to publicity activities during the period we provide funding for and participating in activities to share learning, for which we may put other grantees in contact with you.

Section nine: Supporting documents

Please provide all of the documents listed unless they are not applicable to your project. You will be asked to indicate how you are sending these documents to us – as hard copy or electronically.

In addition to numbers 1–8 below, you may also be required to submit additional supporting documents that are specific to the programme that you are applying under. For further guidance, please refer to the programme application guidance, Appendix 2: Supporting documents. We will not be able to assess your application if we do not receive all the required information.

1. Copy of your organisation’s constitution (formal rules), unless you are a public organisation. If your application is on behalf of a partnership or consortium, please refer to the programme application guidance for more information on what you need to provide. If you have sent a copy of your constitution with a previous grant application (since April 2008) and no changes have been made to it, you do not need to send it again.

2. Copies of your agreements with project partners, signed by everyone involved, setting out how the project will be managed.

3. Copy of your organisation’s audited accounts for the last financial year. This does not apply to public organisations.

4. A small selection of images that help illustrate your project. If your project involves physical heritage, please provide a selection of photographs, a location map and, if applicable, a simple site map or plan. It would be helpful if these are in digital format (either as an attachment or on disk).

5. Condition survey (if applicable). A condition survey is a short report that will tell us what condition the heritage is currently in, and will help you decide what works are needed. You will need to supply one if you are planning any conservation work, such as restoring a memorial.

6. Briefs for internally and externally commissioned work (if applicable). For further information please refer to Appendix 2: Supporting documents within the programme application guidance.

7. Job descriptions for new posts (if applicable).

8. Letters of support (no more than six).

If applicable, please attach any additional documents as required for the programme that you are applying under. Use the box provided to confirm in what format the additional documentation will be submitted.
